

MMA Capital Management Announces Fourth Quarter and Full Year 2015 Financial Results and Investor Conference Call

BALTIMORE, March 15, 2016 /PRNewswire/ -- MMA Capital Management, LLC (NASDAQ: MMAC) ("**MMA Capital**" or "**the Company**") today reported financial results for the quarter ended December 31, 2015, including common shareholders' equity of \$116.2 million, or \$17.43 per diluted common share. The Company will hold an investor call on Thursday, March 17, 2016 at 8:30 a.m. ET.

Common shareholders' equity increased \$11.3 million for the quarter to \$116.2 million at December 31, 2015 from \$104.9 million at September 30, 2015. The Company reported a 12.1% increase in diluted common shareholders' equity per share representing an increase of \$1.88 to \$17.43 at December 31, 2015 from \$15.55 at September 30, 2015. For the full year common shareholders' equity increased \$24.7 million from \$91.5 million at December 31, 2014 to \$116.2 million at December 31, 2015. In this regard, the Company reported a 39.3% increase in diluted common shareholders' equity per share, which increased from \$12.51 at December 31, 2014 to \$17.43 at December 31, 2015. The majority of the Company's reported growth per share, or \$4.37 per share, was driven by a net increase in the fair value of our bond portfolio and by net income generated during 2015 from net gains on assets, derivatives and extinguishment of liabilities. The balance of such growth, or \$0.55 per share, was attributable to repurchases in 2015 of our common shares at prices below our book value per share.

Michael Falcone, MMA Capital's Chief Executive Officer stated, "2015 was a very strong year for the Company. We continued to recycle capital from less productive assets and further developed our core business lines. In raising capital for a new tax credit fund in December, we increased our commitment to managing investments in affordable housing while we also took steps in 2015 to significantly expand our footprint in the renewable energy finance space. All told, we were able to put to work over \$50 million of previously underinvested or recycled capital, mainly through our subsidiary, MMA Energy Capital, and are exploring various alternatives to increase the scale of that business. We also continued to provide significant value for our shareholders through our share buyback plan. In 2015, we bought back approximately 680,000 shares at a discount to book value, resulting in immediate accretion for our shareholders, and the Board authorized the Company to repurchase up to 600,000 additional shares in 2016. In addition, we are increasing the maximum price used for our buyback plan to \$17.43 per share upon the opening of our trading window."

Tax Reporting

As a reminder to our shareholders, the Company converted from a partnership to a taxable corporation during calendar year 2013. As a result, shareholders should not expect any tax forms for purposes of preparing their 2015 tax returns. Shareholders should consult their tax advisors should they have any additional questions.
